

# TERM 4 SPECIAL

PLACE YOUR ORDER NOW!

Save  
**\$66.00**

**Order 3 x No Flush BioSleeve's™  
and receive  
2 x No Flush BioMates™ absolutely  
FREE!**

Use your No Flush BioMates™ in conjunction with your No Flush BioSleeves™ for a cleaner, well maintained urinal.

A range of colours to suit your urinals.

#### Tips for a clean urinal:

- ✓ Use your No Flush BioClean to mix a more concentrated solution and give the urinal and surrounds a thorough clean.
- ✓ Check the No Flush BioSleeve™ once a month.
- ✓ Always use No Flush BioClean to clean your urinal.
- ✓ Spray the step and surrounds with a more concentrated No Flush BioClean mix on the last day of term. Don't rinse - let the bacteria 'feed' over the holidays.
- ✓ If you have a battery timer, change the battery every year. (Note your settings before removing the battery to enable you to reset the timer correctly!)
- ✓ Try a stiff bristle brush or scourer to scrub the urinal and surrounds instead of a mop. (We have a range of scourers available, please contact us for more details.)
- ✓ Always use cold water - it saves black balloons and also protects your No Flush BioSleeve™ and No Flush BioMate™.

#Orders must be placed between 27th September 2010 and 30th November 2010.

\*Please use promotion code '10PromoVIC' on your order. (Don't forget to specify colour and size)
